

## Type A, house A 2

Luxurious family house with 6 rooms, a large living room with the fireplace and two large terraces on the second floor. Houses in this category offer the option to build a covered terrace (pergola) according to the client's preferences. The layout of the house has been carefully considered to allow each owner the opportunity to adapt the internal finishes to their own taste and needs. The family house will include a paved area, intended as a parking space. Above this area, it is possible to build a shelter (pergola) at the client's request. The family house is designed with a sloping hipped roof and consists of two floors.
